WELCOME MESSAGE

Dear friends and colleagues,
Welcome to Salalah!

It is my great pleasure to invite you to the 5th Khareef Dhofar Military Orthopedic Conference and the 13th Middle East Pediatric Orthopedic Conference, taking place here in the beautiful city of Salalah, Sultanate of Oman, from 9-11 September 2026.

This year's meeting brings together military orthopedic experts and paediatric orthopedic specialists from across the region and beyond. Over the coming days, we will share knowledge, explore new evidence, engage in meaningful discussions, and strengthen the bonds that unite our professional community.

Set against the breathtaking backdrop of Dhofar during the Khareef season, with its cool climate, lush mountains, and unique culture, this conference promises to be as enriching socially as it is academically. Salalah offers the perfect setting to learn, reflect, and connect.

We are particularly proud of the strength and depth of this year's scientific programme, which features cutting-edge research, expert panels, hands-on workshops, and opportunities for productive collaboration. This dual gathering of military and pediatric orthopedic minds underscores our shared commitment to advancing patient care across all age groups and clinical environments.

My sincere appreciation goes to the Scientific Committee for their dedicated work in reviewing the large number of submissions and shaping a programme of exceptional quality. I would also like to thank the Organizing Committee, our partners, and the many individuals whose efforts have made this event possible. A special word of gratitude goes to our local hosts in Dhofar for their warm hospitality and unwavering support.

I look forward to welcoming each of you in Salalah and sharing an unforgettable professional and cultural experience together.

Thank you — and see you soon in the Sultanate of Oman.

My best regards

Yaqoub Al Mufargi

ABOUT MEPOS

The Middle East Pediatric Orthopaedic Society (MEPOS) has been established by Pediatric Orthopaedic Surgeons practicing in the Middle East region. All members of the society take a special interest in Children's Orthopaedics. The society's aim is to improve the detection, prevention and care of children suffering from musculoskeletal disease in the Middle East

The affairs of the society are currently managed by an Executive Board consisting of a president, president-elect, general secretary, treasurer, research committee chair, education committee chair and board member selected by the founding members of MEPOS at the 1st Annual meeting in Dubai in October 2014. We welcome all Pediatric Orthopaedic Surgeons and Associated Health professionals with interest in Pediatric Orthopaedics to join the society and actively contribute to its growth. Please do contact us for further information.
