الجليلة للأطفال
المستشفى التخصصي

UAE Deformity Correction Course
Al Jalila Children's Specialty Hospital

PROGRAMME

16, 17 & 18 December 2022

This course is designed for surgeons who want to improve their core knowledge and skills in correcting lower limbs deformity, mal unions and non unions in children and adults.

The course will cover all aspects of acute and gradual deformity corrections using various orthopaedic instruments and tools. The core knowledge and technical skills will be delivered by renowned faculty through lectures, workshops, videos and case discussions.

Only 30 places are available.
